Kabuki Collection

“ Architectual Jewelry ”

“ Find beauty not only in the thing itself but in the pattern of the shadows, the light and dark which that thing provides.” ~ Jun’ichirō Tanizaki, In Praise of Shadows

The screens of the Kabuki collection shape the space and plays with our perception. The ambient light is sculpted, shadows appears, the room is taken to a whole new dimension.

As the Shoji doors from the Eastern culture were made to harmonize the space the Kabuki collection was thought to create moments of serenity. No need to whisper anymore, our screens protect your intimacy.

Inspired by the Japanese aesthetic, the Kabuki collection gives a new breath to the hospitality environment.
